## MEMORANDUM FOR THE RECORD

SUBJECT: NSC Staff Thoughts on Pipeline/Forced Labor  
Briefing for Lane Kirkland

1. Walt Raymond called to pass on some thoughts from the NSC Staff regarding how a briefing for Lane Kirkland should be handled. He offered these in full knowledge that the Director seems to have other ideas on how the briefing should be handled (i.e. inviting Kirland to be briefed by the DDI).

- Kirkland does not want to have an intelligence briefing that is only classified.
- If he is given an intelligence briefing with photos, he needs to come out of it with some unclassified information as public evidence, otherwise, his own public statements will be compromised by what he knows but cannot say.

- Any intelligence briefing should be given by the White House, i.e. the President or Clark or by the Secretary of State.

2. Walt also wondered how any such briefing or release of information would relate to the Senate Resolution 449 which requests a briefing by 24 October on this issue. The Department of State is preparing that response.
